

A Powerful Beginning for Empowering Students

An Intuitive Dashboard

Staff can monitor student progress toward meeting SEL standards and provide support for their learning.

Student Data and Portfolios

Support students throughout their entire K-12 experience – and beyond.

Daily Wellness Check-Ins

Encourage students to contemplate their emotions and provide staff with insights into their social-emotional well-being.

An Interactive, Engaging Experience

Encourages students to take early ownership and invest in their successful outcomes.

SchoolLinks features lessons led by teachers, tracks SEL, and, best of all – empowers students to answer the most important question they get; “What do you want to be when you grow up?”
