SchooLinks

Top 5 Things for Faculty to Get Started

Making sure your students are successful starts with you. SchooLinks is designed to make it easy for you to keep up with your student's college and career exploration. Here are a some quick steps to get started:

1 LOGIN TO SCHOOLINKS
Go to app.schoolinks.com and log in via your district's preferred method - Clever, ClassLink, Google SSO, or even username/password if your district uses Microsoft.

2 EXPLORE THE SCHOOLINKS DASHBOARD
Get comfortable with your options - your action items, your students outstanding to-dos, SEL overview of your students, and more.

3 REVIEW YOUR STUDENT LISTS
Make sure all you students are on your list, explore student profiles, and see what activities/goals students have been doing.

4 SET UP YOUR SCHEDULING AVAILABILITY
Put in your free blocks within Student Meeting Schedule to help your students find the best time to talk with you.

5 TALK TO STUDENTS
SchooLinks isn't here to replace face-to-face conversations. We want to make those conversations easier and more constructive by giving you all the data and information you need.
